# ABOUT US

Losing a loved one is very difficult and emotionally challenging for any human being. To add to that, organising a funeral within a limited amount of time can be even more stressful. Most people are fortunate to have friends and family who will emotionally and financially support them through this process; helping to give their loved one a dignified burial.

However, the average cost of a funeral is approximately £4,000, which is a substantial amount of money to gather within a short amount of time.

Unfortunately, there are many people out there within our community, who do not have family and friends that are able to support them during bereavement.

We aspire to financially support funeral costs of those who are unable to do so, whilst protecting the dignity of the deceased and their family.

We will only make payments directly to Funeral Services/Cemetery and the amount of payment depends on each individual case and the charity's financial situation.
